

Paint Roller Microlon Ø38 mm

Flügger paint rollers for professional craftsmen. Premium, high-quality pile distributes the paint effectively, ensuring hiding power, high productivity and a perfect finish for any painting job.

Properties

Flügger Microlon Medium is a universal paint roller made of 10 mm pile. Medium to good hiding power. The roller produces a surface with an even, fine to medium structure. For use on even or slightly rough surfaces.

- **Universal**
- **Medium to good hiding power**
- **Even structure**

Use

Painting and varnishing of walls, ceilings, floors and woodwork, indoors and out. Recommended for varnish in all levels of gloss and paint in gloss levels from matt to semi-matt. Wash the paint roller in water before use and stir the paint thoroughly before commencing work. Store the roller in airtight packaging when not in use and avoid storing in water.

Cleaning and Maintenance

Clean rollers using Fluren 59, Brush cleaner, Fluren 37 Basic cleaner or liquid soap.

Usefull Information

Disposal: Remove as much paint as possible from rollers before they are disposed of as small, burnable waste items.

Good practise

Remove as much paint as possible from tools before cleaning. Do not pour liquid paint residue or cleaning fluid down drains. Clean rollers thoroughly to remove any paint residue. Avoid putting a strain on the roller during drying and store it dry.

Please note!

The paint roller fits a Gable roller handle with a 2-piece handle made of 8 mm galvanised steel. Sturdy handle which fits Flügger extension poles.
